What people are saying about us

En'route Success is a very promising and one of a kind curriculum. Such a program must definitely be an integral part of every child's education.

- Biswajeet Mukherjee, Educationist

The Educational Institutions administered by Bombay Menon's Educational Society has been the beneficiaries of the innovative initiatives of FIE for over the past three years.

Their strategies have contributed to the provision of greater understanding in the Scholars and Trainees of the curriculum and course content.

- Irfan Bhiwandiwalla, Chairman,
Academic Advisory Committee,
Bombay Menon's Education Society

The workshop is found to be enterprising and educative for younger creative minds. The resource persons are young and ambitious, which adds to the energy of the workshop.

- Brini. Rekha, Principal,
Amrita Vidyalayam Nerul

Knowledge and skill are no more the primary distinguishing factors. The right attitude and will are primarily the most important assets a person can possess and we as startups are looking for individuals with these qualities.

- Alex M George, Entrepreneur,
Founder AMEXS Technologies

We are not trying to supplement but complement the current education scenario.

- Sundeep Sharma,
Social Entrepreneur
and Co-operate Strategist

Program certified by eminent educationists and psychologists.
Outcome of 5 years of research and development.
Formally launched on May, 2014.

Our initiatives

Gyanoholic

Works towards introducing the higher level concepts from the fields of science, technology, engineering and world economics at school level.

Mind and Brain Trust

Our trust works towards uplifting the thinking of the less fortunate and under privileged.

Mind and Brain Trust is a platform to impart education in the schools from 5th to 10th standard.

The carefully designed program Enroute Success is the intellectual property of Friction Innovative Education (LLP).

The trust works towards uplifting the thinking of the less fortunate and under privileged.

80 teachers along with the Principal of the Institution Mrs. Veena Nandrajog and the Directors of FIE – Mr. Gautam S.T. and Mr. Gourav Sarkar post the session (Children's day, 2014)

Parable of Success

Teachers to understand student's mind better

On 14th November 2014, the first batch of 80 teachers of Shree Sanatan Dharma High School, GTB Nagar underwent a half day skill enhancement program conducted jointly by Gourav Sarkar, CEO and Gautam S.T. Children's day was an apt occasion to launch this program for the teachers to enable them to understand a child's mind better.

Parable of Success - a teacher's skill enhancement program on Self Belief, Innovation and Understanding the young minds infuses the life skills in to the children missed due to non supportive parents and over burdened teachers. This initiative aims to distinguish between the reality and interpretations of the reality to enable teachers handle the innocent students more effectively.

A pre and post session assessment was conducted and the results were startling! All teachers wanted a repetition of this interactive session every 2 months. "An attitudinal change towards positivity and self motivation" was the high point of the session, said majority of the teachers.

Mrs. Veena Nandrajog, Principal of Shree Sanatan Dharma High School said it was a privilege that this movement has been initiated from her institution and she insists all the schools to voluntarily conduct this skill enhancement program for all of their teachers.

"We promise to conduct this self financed program to reach 2000 teachers in this academic year", said Social Entrepreneur and Advisor - Sundeep Sharma who is also the patron of the Corporate Social Responsibility. He added – "As there is Continuous Medical Education (CME) for doctors, we have devised a Continuous Teacher's Education (CTE) for a better India.

Setting of Computer Center at the adivasi school, computers donated by HDFC Bank.

Students of adivasi school where the computer center was setup.

School adoption

Adopted a 120 students Secondary School in Adivasi area (adivasis are tribals living in jungles or remote areas) in district of Thane, Maharashtra. Resource mobilization for the school building, borewell for water and ambulance for medical emergencies and a Computer Centre are some of the activities co-ordinated and established. The Computer Centre was setup on 9th July 2006. This is a first centre of its kind in a radius of 25 kms. Hardware for this Computer Lab was donated by the HDFC Bank.

Sanganika (Computerization) -

Today, is the era of computers it has become a common subject in every school, but schools that cannot afford computers education deprive their students from it, realizing this, a project was conceived.

Setting of Computer Labs and impart computer education to the students in the schools run by the Navi Mumbai Municipal Corporation (NMMC), each school received 2 PCs and 1 Printer. This is an ongoing project. The computer was donated by ICICI Bank. This project was in co-ordination with M/s. learn@home.com, who trained two progressive teachers from each school. This is a perfect example of corporate responsibility cell teaming up with an NGO to successfully launch and execute an educational project.

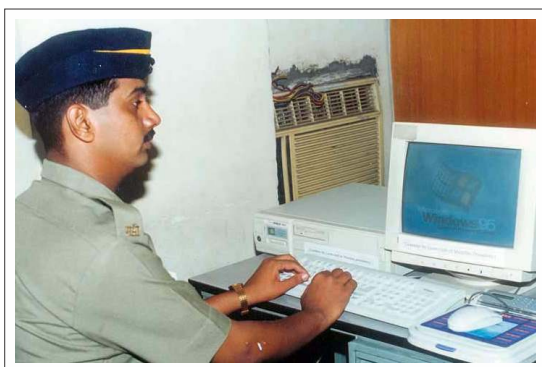

Girl Students wearing vail and Sundeep Sharma at the inaugural programme.

A Computer Lab with hardware ie. 2 PCs and a printers, plus accessories, were donated at the Ideal Education Societies School, at Shivaji Nagar, Deonar, a densely populated slum of Mumbai. This school caters to the education of girls of the vicinity.

Info-Comp

An exhibition of courses and career options in Computer field was organized between 25th and 29th March 1999, at Chembur. A first of its kind event in Chembur, it had representation from all leading Computer Educational Institutes and hardware manufacturers. Courses were conducted on Personality Development, Effective Public Speaking, Presentation Skills, Indian and Foreign languages, Home Management, Music, Painting etc. It has been established to guide students through the changing socio-economic spectrum. The aim of this project was not only to inform but also to create awareness of various career options in computers.

Donation of Computer at the Office of Dy. Commissioner of Police, Zone VI Mumbai.

Computer Centres for Police Department -

Computer Centres to assist the Police Department for expediting paper work have been setup at :

- a) The office of the Deputy Commissioner of Police, Zone VI, Mumbai.
- b) The office of the Deputy Commissioner of Police, Zone VII, Mumbai.
- c) The office of the Addl. Commissioner of Police, Pune, Maharashtra.

*A social audit is done annually, to ascertain the utility of the said computers in possession of NGOs, Educational Institutes and the police departments.
